

Pupil Parliament Meeting Minutes

26th September 2024

This month we asked...

What does our school have in place to make you feel safe in and around the school?

What could be improved?

Discussion

What does our school have in place to make you feel safe in and around the school?

A few people had mentioned the hive. They have said about calm corners and that they feel safe. People mentioned fire safety e.g. fire doors and fire alarms.

Lots about staff and people liked the amount of staff.

Permission to go to the toilet so your teacher knows where you are.

Wonderful walking so you can stay safe because if you are running you could fall.

Some people liked the hive because it makes them feel safe.

Locked gates, locked doors and security cameras.

There was a lot of mentioning of the school values e.g. be safe, be respectful and be the best you.

What could be improved?

- Ventilation and open windows.
- Heating.
- Getting in the line quicker.
- More staff at the back of the school at lunch.
- More clubs at breaks and lunches.
- More p6 playground helpers.
- Our quiet area in the playground.
- Mixing classes at wet breaks and lunches.
- Being more kind/respectful.

Decisions

- We could make some posters
- Talk about it in assembly
- Mrs Johnston speak to support staff about mixing pods
- Beat the time to get in line
- Mrs Johnston to speak to support staff about opening the quiet area
- Timetable for p6 playground helpers
